When to Apply & Results

You may submit your application at any time during the year. The assessment panel takes time and consideration over all applications. The panel aims to provide a decision within 3 months of your application date.

The annual Designer Crafts exhibition is open only to members who are on the membership register. Therefore if you wish to be considered for the following annual Designer Crafts exhibition then your application should be submitted in time to be assessed and your subscription paid when you receive acceptance into the Society.

Application Notification

You will receive an online acknowledgement of receipt of your application.

The Panel's decision will be delivered by email. If successful, you will receive a request for payment of your membership fee of £50.

If your application is unsuccessful we will explain why we have not accepted your work on this occasion.

Sometimes we may need to see actual examples of your work. This is particularly helpful when we feel we cannot make an informed judgment on the images alone. If this is the case, we will contact you for a mutually convenient time for you to submit your work.

If we ask you to send work in, you are responsible for its insurance.

If you send work in by post please provide sufficient postage and packaging for return mailing. Please do not use **Special Delivery or Signature Service** unless we have arranged this with you as the office is not manned on a daily basis.
